CONFIRMATION FOR #98464347

Service Australia Centre

2025-07-08

Dear ALA UDDIN

Based on an assessment of the labor market, Service Australia (SA) has issued a positive Labor Market Impact Assessment (LMIA), and has confirmed your offers of employment to the foreign workers identified in the attached Annex. This positive opinion is based on the information and supporting documentation you provided in the contest of your applications. It is subject, notably, to your compliance with legal requirement related to employment of the foreign workers in Australia. These requirements include, but are not limited to all workers in Australia being.

*protected by relevant labor employment levies

entitled to work in a safe workplace where their health is protect and able to file a complaint with the federal provincial or territorial department for employment standards, if they are not bring provided with the proper wages and working conditions,

Please be advised that should you wish to change any of the conditions noted on the attached annex. Service Australia (HRSDA) must be informed in writing immediately.

This positive LMIA. Including the annex, must be submitted by the foreign worker to AIC as part of each worker's Application to receive a work permit. This LMIA confirmation is only one of AIC's many requirements in issuing a work permit. It does not authorize the foreign worker(s) to enter, remain or work in Australia. That decision is the responsibility of AIC. Also note that in addition to the LMIA confirmation, AIC expects the worker(s) to submit a copy of the employment contract signed by you and the worker(s) prior to issuing the work permit. The conditions and benefits outlined in the employment contract must be consistent with the information in this LMIA confirmation (e.g. Wages, hours of work, etc)

Please keep a copy of these documents for your records, and forward a copy to the prospective foreign worker(s). As well, kindly advise this Service Australia and each foreign national if you no longer require his/her services as a worker. or if you need to cancel your job offer prior to the entry of the worker to Australia.

*****Please note that pre-approval 14783 has now been completed**
